

What Happened to Spot Process/VueRite?

New name, same great software.

Spot Process/VueRite is now Spot Process Separation Studio. Freehand Graphics changed the name, but they didn't change what you love about it. In fact, they made it better.

Are you now using Spot Process/VueRite? [Upgrade for a low price](#) [1]. See what Spot Process Separation Studio can do, and it's terrific new [features](#) [1]
